INDEX TO VOLUME XXIV

A

Aberdeen epidemic of infantile gastro-enteritis in 1947, 45
Adrenal cortex hormone in treatment of experimental coeliac disease, 105
Aerosporin in treatment of pertussis, 38
Albuminuria in newborn following toxaemia of pregnancy, 110
Alimentary tract, congenital obstruction of, casydrol in treatment of, 161
Amigen for parenteral administration to infants, 159
Anus, congenital abnormalities of, familial incidence, 75
APLEY, J., *see* BELSEY, R., and APLEY, J.
Arobon in treatment of infantile gastro-enteritis, 41

B

Bact. coli neapolitanum in infantile gastro-enteritis, 51
BELSEY, R., and APLEY, J.: Congenital right-sided diaphragmatic hernia, 129
BERESFORD, O. D.: Fugitive pericarditis, 135
BEYNON, D.: Arobon in treatment of infantile gastro-enteritis, 41
BISHOP, E. A., *see* WILLIAMS, Y. J., BISHOP, E. A., and YOUNG, W. F.
——, *see also* YOUNG, W. F., et al.
Blisters, sebaceous, miliary, in newborn, 286
Blood phosphatase levels in rickets, 189
—— pressure in newborn following toxaemia of pregnancy, 110
—— volume, influence of age on, 91
—— —— studies in healthy children, 88
BOOK REVIEWS: Annali Italiani di Pediatria, 235; BEHRENDT, H.: Diagnostic tests for infants and children, 1949, 314; CUTHBERT, A.: Housewife baby book, 1948, 157; GARROD, BATTEN and THURSFIELD'S "Diseases of children," 4th ed., Vol. II, 1949, 156; GRULEE, C. G., and ELEY, R. C., *eds.*: The child in health and disease, 1948, 157; ISRAELS, M. C. G.: Atlas of bone-marrow pathology, 1948, 157; KANNER, L.: Miniature textbook of feeblemindedness, 1949, 314; KEYNES, G., *ed.*: Blood transfusion, 1949, 314; Medical Annual, 1948, 157; RUSSELL, D. S.: Observations on the pathology of hydrocephalus (M.R.C. Spec. Rep. 265), 1949, 314; SOLÉ, A.: Technik der kinderärztlichen Differentialdiagnostik, 1948, 158; Year Book of pediatrics, 1948, 157.
BRASH, A. A.: Effect of toxaemia of pregnancy upon foetus and newborn, 107
BRAY, P.: Sino-bronchitis, 233.
BRIMBLECOMBE, F. S. W.: Idiopathic hypoparathyroidism, 77
BRITISH PAEDIATRIC ASSOCIATION: Proceedings of 20th General Meeting, 230
Bromsulphalein, estimation of, 7
—— excretion in newborn, 7, 12
—— —— —— ——, liver function with reference to, 12
Bronchiectasis, 30
—— following pertussis, 36
——, reversible, 32
BROWN, A.: Some etiological factors in coeliac syndrome, 99
BROWNE, D.: Stenosis of oesophagus, 232
BURNARD, E. D., *see* SCHLESINGER, B., PAYNE, W. W., and BURNARD, E. D.

C

CAMPBELL, A. C. P., and HENDERSON, J. L.: Symmetrical cortical necrosis of the kidneys in infancy and childhood, 269
CAMPBELL, M., and REYNOLDS, G.: Physical and mental development of children with congenital heart disease, 294
CARTER, F. S., *see* GRAY, J. D., and CARTER, F. S.
Casein, hydrolysed, for parenteral administration to infants, 159
——, ——, in feeding of marasmic infants, 251
——, ——, in treatment of liver damage in gastro-enteritis, 17
Casydrol for parenteral administration to infants, 159
—— in feeding of marasmic infants, 251
—— in treatment of liver damage in gastro-enteritis, 17
CATHIE, I. A. B.: Bacterial fibrinolysin, 233
Cerebrospinal fluid and nasal mucosa, 123
—— ——, nose in relation to, 117
Chest deformities in children with congenital heart disease, 300
Choline in treatment of liver damage in gastro-enteritis, 18
Choroido-retinitis with congenital toxoplasmosis, 304
Chylomicron counts in coeliac disease, 247
CLAIREAUX, A. E., and FARQUHAR, J. W.: Pyosalpinx in newborn, 62
Coeliac disease, dietary dextrin and fat absorption in, 245
—— ——, etiological factors in, 99
—— ——, experimental, adrenal cortex hormone in treatment of, 105
—— ——, ——, Brewer's yeast in prevention of, 105
—— ——, ——, produced by iodo-acetic acid poisoning, 102
—— ——, ——, vitamin B complex in treatment of, 104
—— ——, fat absorption in, 245
—— ——, influence of infection in etiology of, 103
—— ——, pathogenesis of, 105
—— ——, relation between dietary starch and fat absorption, 81
COLVER, T.: Aspects of natural history of pink disease, 231
Congress of Paediatrics, 6th International, Zurich 1950, 158
Convulsions in childhood, changing incidence in, 208
—— —— ——, seasonal variations in incidence of, 213
CONWAY, D. J.: Case of congenital idiopathic hypertrophy of heart, 195
——: Nephrotic crises, 234
Cortical hyperostosis, infantile, 67
Cranium, interior of, and nose, spread of viruses in, 121
CROOKS, J.: Nature and treatment of sinusitis in children, 233
CUTBUSH, M., *see* MOLLISON, P. L. and CUTBUSH, M.
Cysts, sebaceous, miliary, in newborn, 286

D

Dextrin, dietary, and fat absorption in coeliac disease, 245
Diabetes in childhood, treatment of, 237
—— —— ——, —— ——, 'free diet' in, 238
——, nutritional requirements of, 237

E
Emphysema, obstructive, in primary tuberculosis, 232

F
FALLON, M. L.: Renal venous thrombosis in newborn, 125
Fallot's tetralogy, physical and mental development of children with, 294
FARQUHAR, H. G., and TURNER, W. M. L.: Congenital toxoplasmosis, 137
FARQUHAR, J. W., *see* CLAIREAUX, A. E., and FARQUHAR, J. W.
Fat absorption, dietary dextrin and, in coeliac disease, 245
—— ——, —— starch and, in coeliac disease, 81
—— ——, —— —— ——, in pancreatic fibrosis, 246
—— —— in coeliac disease, 245
Fibrinolysin, bacterial, 233
FINLAY, H. V. L.: Familial congenital stridor, 219
Foetus, effect of toxaemia of pregnancy on, 107
FOSTER, W. P., and TAYLOR, R. G. G.: Gangrene in congenital syphilis, 152
FREIER, A., *see* JAMES, U., and FREIER, A.

G
GAISFORD, W. F.: Malignant disease in infancy and childhood, 1
Gangrene in congenital syphilitis, 152
—— in infant with congenital heart disease, 149
Gastro-enteritis, infantile, arobon in treatment of, 41
——, ——, bacteriology of, 49
——, ——, casydrol in treatment of, 161
——, ——, epidemic of, bacteriological study of, 232
——, ——, —— ——, in Aberdeen in 1947, 45
——, ——, liver damage in, 15
——, ——, —— —— ——, pathogenesis of, 16
——, ——, —— —— ——, treatment of, 17
——, ——, potassium deficiency in, 15
GELLIS, S. S., *see* YUDKIN, S., GELLIS, S. S., and LAPPEN, F.
GILES, C., SANGSTER, G., and SMITH, J.: Epidemic gastro-enteritis of infants in Aberdeen in 1947, 45
GORDON, I.: Miliary sebaceous cysts and blisters in healthy newborn, 286
GRAY, J. D., and CARTER, F. S.: Early diagnosis of rickets, 189
GRIFFITH, G.: Progressive myositis ossificans, 71

H
Haemoglobin levels in marasmic infants, 257
HANSEN, J. D. L.: Gangrene and thrombosis in infant with congenital heart disease, 149
Heart block, auriculo-ventricular, complete, in foetus and newborn, 309
—— catheterization, diagnostic value of, in isolated pulmonary stenosis and large interventricular septal defects, 264
——, congenital idiopathic hypertrophy of, 195
—— disease, congenital, chest deformities in children with, 300
—— ——, ——, diagnostic value of cardiac catheterization in, 264
—— ——, ——, gangrene and thrombosis in infant with, 149
—— ——, ——, mental deficiency in children with, 299
—— ——, ——, mongolism in children with, 299
—— ——, ——, physical and mental development of children with, 294
——, large interventricular septal defects of, diagnostic value of cardiac catheterization in, 264
HENDERSON, J. L., *see* CAMPBELL, A. C. P., and HENDERSON, J. L.
Hernia, diaphragmatic, right-sided, congenital; difficulties in differential diagnosis and repair, 129
HICKMANS, E. M., *see* YOUNG, W. F., et al.
HUTCHISON, J. H.: Congenital toxoplasmosis, 303
—— : Obstructive emphysema in primary tuberculosis, 232
Hydrocephalus with congenital toxoplasmosis, 304
—— with spina bifida cystica, 27
Hyperostosis, infantile cortical, 67
Hypoparathyroidism, idiopathic, 77

I
Icteric index, determination of, 8
Ileus, paralytic, in infants, casydrol in treatment of, 161
Immunity, serological, in newborn period, 234
Infants, marasmic, non-protein nitrogen levels in, 260
——, ——, nutrition of, 250
——, ——, serum protein and haemoglobin levels in, 257
——, protein requirements of, 250
Intelligence tests of children after streptomycin treatment of tuberculous meningitis, 290
International Congress of Paediatrics, 6th, Zurich, 1950, 158
Intestinal lesions complicating thrush, 205
Intracranial calcification with congenital toxoplasmosis, 304
Iodo-acetic acid, poisoning with, in experimental coeliac disease, 102

J
JAMES, U., and FREIER, A.: Roseola infantum, 54
JOSEPHS, C.: Embryoma of kidney with symptoms at birth, 312

K
Kidneys, embryoma of, with symptoms at birth, 312
——, symmetrical cortical necrosis of, in infancy and childhood, 269
KRAEPELIN, S.: Sinusitis in children, 234

L
Lactation, adequacy of, following toxaemia of pregnancy, 113
LAPPEN, F., *see* YUDKIN, S., GELLIS, S. S., and LAPPEN, F.
LEDERER, H., and TODD, R. M.: Thrush in infancy, 200
Leukaemia, acute, unusual case of, 59
LEVIN, B., and NEILL, C. A.: Oral penicillin in newborn, 171
LICHTENSTEIN, A.: Treatment of diabetes in childhood, 237
LIND, J.: Sinusitis in children, 233
Liver damage in gastro-enteritis, 15
—— —— —— ——, pathogenesis of, 16
—— —— —— ——, treatment of, 17
—— function in newborn, with reference to excretion of bromsulphalein, 12
LORBER, J.: Study of ten children after treatment with streptomycin for tuberculous meningitis, 289
Lungs, collapse in pertussis, 29
——, —— —— ——, treatment of, 38
Lymph stream, nose in relation to, 117

M
MACMAHON, A., *see* SHELDON, W., AND MACMAHON, A.
Mammary gland, myoepithelial cells surrounding secreting alveoli of, 234
MANNHEIMER, E.: Diagnostic value of cardiac catheterization in isolated pulmonary stenosis and large interventricular septal defects, 264
Marasmic infants, haemoglobin levels in, 257
—— ——, non-protein nitrogen levels in, 260
—— ——, nutrition of, 250
—— ——, serum protein levels in, 257
Mastoid air-cells, involvement in thrush, 206
Meningitis, tuberculous, streptomycin treatment of, study of children after, 289

Mental deficiency in children with congenital heart disease, 299
MEYER, R. B.: Salt deficiency as cause of vomiting in infancy, 234
MOLLISON, P. L., and CUTBUSH, M.: Bromsulphalein excretion in newborn, 7
Mongolism in children with congenital heart disease, 299
Monilaemia complicating thrush, 205
MORISON, J. E.: Congenital malformations in one of monozygotic twins, 214
Myositis ossificans, progressive, 71

N

Nasal mucosa, absorption through, 120
—— —— and cerebrospinal fluid, 123
NEALE, A. V.: Polyarteritis in childhood, 224
NEILL, C. A., *see* LEVIN, B., and NEILL, C. A.
Neonatal deaths following toxaemia of pregnancy, 112
Neoplasms, *see* Tumours
Nephrotic crises, 234
Nervous function, disturbances of, with congenital toxoplasmosis, 304
Newborn, effect of toxaemia of pregnancy on, 107
NICHOLSON, D. P.: Pulmonary collapse in pertussis, 29
Nitrogen, non-protein, levels in marasmic infants, 260
NORMAN, A. P.: Spina bifida cystica, 25
Nose and interior of cranium, spread of viruses in, 121
—— in relation to cerebrospinal fluid and lymph stream, 117

O

Oedema of newborn following toxaemia of pregnancy, 110
Oesophagus, disorders in childhood, 232
——, stenosis of, 232
O'REILLY, J. N.: Infantile cortical hyperostosis, 67
Osteopetrosis in successive generations, 143

P

Pancreas, fibrosis of, dietary starch and fat absorption in, 246
PAYNE, W. W., *see* SCHLESINGER, B., PAYNE, W. W., and BURNARD, E. D.
Penicillin blood levels, variation with age, 177
—— in treatment of sinusitis in children, 233
——, oral and intramuscular, comparison of, in infants, 174
——, ——, and sulphathiazole paste, comparison of in infants, 179
——, ——, in newborn, 171
Pericarditis, fugitive, 135
Peritonitis in infants, casydrol in treatment, 161
Pertussis, bronchiectasis following, 36
——, pulmonary collapse in, 29
——, —— —— ——, treatment of, 38
Pink disease, natural history of, 231
Plasma-alkaline-phosphatase in early diagnosis of rickets, 189
Pleura, involvement of, in pharyngo-oesophageal thrush, 202
Polyarteritis in childhood, 224
Potassium chloride in treatment of liver damage in gastro-enteritis, 18
—— deficiency in gastro-enteritis, 15
Pregnancy, toxaemia of, effect on foetus and newborn child, 107
Prematurity following toxaemia of pregnancy, 111
Protein requirements of infants, 250
——, serum, levels in marasmic infants, 257
Pulmonary stenosis, isolated, diagnostic value of cardiac catheterization in, 264
Pyosalpinx, case in newborn infant, 62

R

Rectum, congenital abnormalities of, familial incidence, 75
Renal vein, thrombosis of, in newborn, 125
Respiratory system, involvement of, in pharyngo-oesophageal thrush, 202
REYNOLDS, G., *see* CAMPBELL, M., and REYNOLDS, G.
Rickets, early diagnosis of, 189
—— in newborn, 232
RILEY, I. D.: Complete auriculo-ventricular heart block in foetus and newborn, 309
ROGERS, K. B.: Epidemic of enteritis in infants, 232
ROGERSON, M. M.: Unusual case of acute leukaemia, 59
Roseola infantum, clinical manifestations of, 55
—— ——, differential diagnosis of, 58
—— ——, manifestations in adults, 57
—— ——, outbreak in maternity home, 54
—— ——, pathological investigations of, 57
RUSSELL, S. J. M.: Blood volume studies in healthy children, 88

S

Salt deficiency as cause of vomiting in infancy, 234
SANGSTER, G., *see* GILES, C., SANGSTER, G., and SMITH, J.
SCHLESINGER, B., PAYNE, W. W., and BURNARD, E. D.: Liver damage in gastro-enteritis, 15
Sebaceous blisters, miliary, in newborn, 286
—— cysts, miliary, in newborn, 286
Septicaemia complicating thrush, 204
Serological immunity in newborn period, 234
Serum protein levels in marasmic infants, 257
SHANKS, R. A.: Changing incidence of convulsions in childhood, 208
SHELDON, W.: Coeliac disease: relation between dietary starch and fat absorption, 81
——, and MACMAHON, A.: Studies in coeliac disease: fat absorption, 245
Sino-bronchitis, 233
Sinusitis in childhood, incidence of, 234
—— —— ——, nature and treatment of, 233
—— —— ——, penicillin in treatment of, 233
SMITH, J., *see* GILES, C., SANGSTER, G., and SMITH, J.
Spina bifida cystica, 25
—— —— —— with hydrocephalus, 27
Starch, dietary, and fat absorption in pancreatic fibrosis, 246
——, ——, relation to fat absorption in coeliac disease, 81
Stillbirths following toxaemia of pregnancy, 112
Streptokinase, 233
Streptomycin treatment for tuberculous meningitis, study of children after, 289
Stridor, familial congenital, 219
SUCKLING, P. V.: Familial incidence of congenital abnormalities of anus and rectum, 75
Sulphathiazole paste and oral penicillin, comparison of, in infants, 179
SYDOW, G. VAN: Rickets in newborn, 232
Syphilis, congenital, gangrene with, 152

T

TAYLOR, R. G. G., *see* FOSTER, W. P., and TAYLOR, R. G. G.
THOMSON, J.: Osteopetrosis in successive generations, 143
——: Urea clearance in immediate post-natal period, 180
Thrombosis in infant with congenital heart disease, 149
——, renal venous, in newborn, 125
Thrush in infancy, 200
——, pharyngo-oesophageal, complications of, 202
TIZARD, J. P. M.: Oesophageal disorders in childhood, 232
TODD, R. M., *see* LEDERER, N., and TODD, R. M.

Toxaemia of pregnancy, albuminuria in newborn following, 110
—— —— ——, blood pressure in newborn following, 110
—— —— ——, effect on foetus and newborn child, 107
—— —— ——, neonatal deaths following, 112
—— —— ——, oedema of newborn following, 110
—— —— ——, prematurity following, 111
—— —— ——, relation of lactation to, 113
—— —— ——, stillbirths following, 112
Toxoplasmosis, congenital, 137, 303
Tuberculosis, pulmonary, primary, fugitive pericarditis associated with, 135
——, ——, ——, obstructive emphysema in, 232
Tumours, intracranial, in childhood, 2
——, malignant, in childhood, 1
——, ——, —— ——, characteristics of, 5
——, ——, —— ——, diagnosis of, 2
——, ——, —— ——, origin of, 5
TURNER, W. M. L., *see* FARQUHAR, H. G., and TURNER, W. M. L.
Twins, monozygotic, congenital malformations in one of, 214
——, ——, diagnosis of, 215
Tympanic cavities, involvement in thrush, 206

U

Urea clearance in immediate post-natal period, 180

V

VAHLQUIST, B.: Serological immunity in newborn period, 234
Viruses, fate in nose, 121
Vitamin B complex in treatment of experimental coeliac disease, 104
—— D in treatment of idiopathic hypoparathyroidism, 79
Vomiting in infancy, salt deficiency as cause of, 234

W

WALLER, H.: Myoepithelial (contractile) cells surrounding secreting alveoli of mammary gland, 234
Whooping-cough, *see* Pertussis
WILLIAMS, Y. J., BISHOP, E. A., and YOUNG, W. F.: Hydrolysed casein for parenteral administration to infants, 159
——, *see also* YOUNG, W. F., et al.

Y

YOFFEY, J. M.: Nose in relation to cerebrospinal fluid and lymph stream, 117
YOUNG, W. F., et al: Protein requirements of infants. 2. Marasmus, 250
——, *see* WILLIAMS, Y. J., BISHOP, E. A., YOUNG, W. F.
